What is the Peer Support Workers Forum?

We are a diverse group made up of Peer Specialists on CBFS, PACT, and emergency services teams, group facilitators and trainers, RLC program staff, peer advocates, and/or volunteers in diverse peer roles. We meet to discuss how we can shape and negotiate these many roles in the mental health system. We want to discover together how best to advocate for people's ability to recover their lives. We want to help promote a deeper understanding the critical and unique role we can play in recovery and to support each other in the journey.

Please join us! Invite other peer workers!
Peer Facilitators also Welcome!
