What is Our NERLC Program?

The Northeast Recovery Learning Community (NERLC) provides welcoming, safe, understanding, judgment-free spaces where individuals of diverse backgrounds can gather for healing and growth.

We are a community of peers in recovery from mental health challenges, addiction and/or traumatic life experiences.

The NERLC supports individuals on their journeys to obtaining and maintaining wellness and works to connect our members to the communities in which they live. We serve 69 cities and towns throughout the Northeast region.

What is Peer Support?

“Peer support is the process of giving and receiving encouragement and assistance to achieve long-term recovery.”

Peer supporters offer emotional support, share knowledge, teach skills, provide practical assistance, and connect people with resources, opportunities, communities of support, and other people.”

(Mead, 2003; Solomon, 2004)

NERLC'S Peer Specialists and Recovery Coaches are state certified and use their own lived experience with mental health, addiction, and trauma recovery to provide support focused on advocacy, education, mentoring, and motivation.
